Dear Mr. Morss,

It was really nice to hear from you. Thanks very much for the accurate reception report. For your own information, CJVA is officially on the air since Sept. 15, 1977.

Caraquet is located on the northeastern tip of New Brunswick and is reknown for its French(Acadian culture) and is also a large fishing area. Also, this county(of Gloucester) is the first outside the province of Quebec) for a large concentration of French Speaking canadians. The inhabitants are descendants of the first European French settlers.

Aurevoir et merci.

An ex-Dxer from CJVA,

François A. Jacob

Much of them as you can see are fluently bilingual.
